

# VISIONING FOR EMMANUEL

The church council would like to invite you to participate with us in doing some "Visioning" for Emmanuel over the next couple of months. There are two basic questions that we could like to ask, to help focus our thinking around this process. First is "What sort of church is Emmanuel". The second is "What sort of church do we want to become". In today's notice, I would like to focus on the first question. We will address the second in a few weeks.

What sort of church is Emmanuel?

---

---

---

What are the three most important values that guide Emmanuel?

---

---

---

Do you feel that Emmanuel is a welcoming place for guests?

---

---

What are the things that you think Emmanuel does well?

---

---

---

What are the things that you feel we could improve in?

---

---

---

---

What drew you to Emmanuel? What makes you stay here?

---

---

---

What do other people that you know of think about Emmanuel?

---

---

Do you think of Emmanuel as an inward or an outward looking church?

---

If you could sum up your thoughts about Emmanuel in one word, what would that word be?

---

What do you think is the most important ministry that Emmanuel has?

---

---

Do you feel like you have a say in the decisions made at Emmanuel?

---

---

---

These questions are just to get us thinking. There are probably lots that we have missed. Please feel free to email them to me if you wish.

If you would like to answer these questions in writing and put them in either the box for Phil Davis or Char Siemens, that would be great. Or you could send me an email with your thoughts. Char and I would also be very glad to meet with committees or home groups to discuss these questions. We look forward to hearing from you.
